

Sarajevo
18th-20th October 2017

BES-Net Trialogue on Pollinators, Food Security and Rural Development

BES-Net is hosted by the United Nations Development Programme (UNDP) and implemented through partnerships with the German Ministry for the Environment, Nature Conservation, Building and Nuclear Safety (BMUB), the Norwegian Environment Agency and SwedBio at the Stockholm Resilience Centre.

implemented by:
giz
Deutsche Gesellschaft
für Internationale
Zusammenarbeit (GIZ) GmbH

SwedBio
A programme at Stockholm Resilience Centre

Objectives

- Raise Awareness of the Issues around Pollinators and Food Production;
- Share knowledge across and among science, policy and practitioner communities to Identify regionally and nationally-relevant risks and opportunities for pollinators and pollination;
- Generate innovative ideas for policy and practical action

- Outputs:
- Background Document evolves into Action Document with commitments and recommendations

Route Map

First Bus Stop Day 1. CELEBRATION

- ✓ Celebrating Diversity
- ✓ Celebrating Values of Pollinators
- ✓ Delighting our Senses

 - Groups B and C in Bus 2
- ✓ Comfortable clothing/sun cream/ jacket/ camera
- ✓ Back by 5 p.m.
- ✓ 19.00 p.m. Meet at Reception for walk to Restaurant

Questionnaire **BESNet** Biodiversity and Ecosystem Services Network

Values of Pollinators

2 cards. Write 1 example per card. Identify from 2 of the following:

- ✓ What do pollinators produce that generates income?
- ✓ What do pollinators produce that provides health and wellbeing?
- ✓ What have pollinators inspired in terms of song, images, literature, sayings?
- ✓ What do pollinators produce that supports ecosystems?

1st Exercise

- Honey Bees – find each other and form a hive, then find the plants you pollinate
- Carrots - find each other and form a crop, then find the insects that pollinate you
- In groups, go to working group area and share the Values you have written on the cards, cluster values on the magic wall flipcharts

THANK YOU.
